

Please retain the current ownership rules. We are sick and tired of not being able to get LOCAL news. The world DOES NOT revolve around New York, Washington D.C., and L.A. In order to receive ALL opinions, it is necessary to have WIDESPREAD ownership of the media. As an example of what deregulation would accomplish, just look at the conglomeration in the radio market. Please don't change the rule.

Sincerely,

Carla Rowton & Mark Humphrys
